Prototype Cost Limits for Low Income Housing

Title 24—Housing and Urban Development

CHAPTER VIII—LOW INCOME HOUSING, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. R-77-398]

PART 841—PUBLIC HOUSING PROGRAM; DEVELOPMENT PHASE

Appendix A—Prototype Cost Limits for Low Income Housing

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Interim rule.

SUMMARY: On June 9, 1976, the Department published prototype per unit cost schedules for low rent public housing. Subsequent to initial publication, the schedules were revised whenever it was found that all or part of the costs for a given area were unworkable. The law provides that the prototype costs be determined at least annually and specifies that the costs are not effective until published in the FEDERAL REGISTER.

DATES: Effective date: June 30, 1977. Timely comments will be considered in preparing a revision of these schedules, which will appear in the FEDERAL REGISTER on or before July 1, 1977.

ADDRESSES: Send comments to Director, Office of Technical Support, HUD Central Office, Room 6160, 451 7th Street SW., Washington, D.C. 20410, and send a copy of comments to Local HUD Office. Addresses of these offices appear below in supplementary information.

FOR FURTHER INFORMATION CONTACT:

Mr. Robert P. Cunningham, Acting Director, Office of Technical Support, Department of Housing and Urban Development, 451 7th Street SW., Washington, D.C. 20410, 202-755-5730.

SUPPLEMENTARY INFORMATION: These costs, issued pursuant to Section 6(b) of the U.S. Housing Act of 1937 set per unit cost schedules for low rent housing and are required to be published at least annually in the FEDERAL REGISTER. Continuity of contract approvals requires publication of these updated schedules for immediate effectiveness. This update provides those nationwide costs.

We believe also that the need for current prototype cost schedules outweighs, in this instance, the advances of the customary Notice of rule making and comment procedure, particularly since the updating of these costs is based not only upon information developed in HUD Field Offices but upon requests for changes submitted by the public as well. Although these schedules will be effective upon publication, timely written comments will nevertheless be considered in preparing revisions to cost limits for individual areas. Such revisions to be published in the FEDERAL REGISTER on or before July 1, 1977, and at such time thereafter, as the Department finds necessary. Comments with respect to cost limits for a given location should be filed with the Director, Office of Technical Support, HUD Central Office, Room 6160, 451 7th Street SW., Washington, D.C. 20410, and a copy should be sent to the local HUD Office. Indexes covering the contents of the daily Federal Register are issued monthly, quarterly, and annually. Entries are carried primarily under the names of the issuing agencies. Significant subjects are carried as cross-references.

A finding aid is included in each publication which lists Federal Register page numbers with the date of publication in the Federal Register.
